SUBJECT: Meeting with DIA and Military Personnel

1. On Wednesday, 10 May 1978, Mr. Gambino and I met at the Pentagon with [REDACTED]

STAT

2. It was presented as a follow-up session to a previous meeting of Mr. Blake, General Aaron, and Admiral Murphy during which security issues, concerns/needs of DoD elements were generally touched upon. General Aaron subsequently directed that DoD elements make a point of briefing Mr. Gambino on the DoD desires vis-a-vis Security Committee matters and perceptions of priorities.

3. This briefing was the point of the 10 May meeting. Considerable material was laid out to Mr. Gambino in written form, copies attached, and supplemented by verbal presentations in an informal manner. There was no attempt at resolution of these issues nor was there effort to gain support of Mr. Gambino for the DoD view points.

4. Of interest to me was the considerable candor of DoD during discussions. They acknowledged that they had a very bad personnel security program and opened little expectation for improvement. They mentioned that complaints about compartmentation precluding sufficient access were more of a perception than a fact. [REDACTED]
